Put Another Nickel in

The myths and legends of the Norsemen have entertained both old and young alike for hundreds of years. This fascinating collection contains stories retold from the Icelandic Eddas, the principal sources of knowledge of Norse mythology, and the Sagas of the ancient world of the Vikings. Following the deeds of the powerful Norse gods, such as Odin, Thor and Loki, and filled with a host of fantastic creatures and objects containing magical properties, the tales in Norse Mythology will conjure up a world of heroism and romance that will enthrall readers.

Warman's Coca-Cola Field Guide

In Wild, Cheryl Strayed writes of *The Ten Thousand Things*: "Each of Dermoût's sentences came at me like a soft knowing dagger, depicting a far-off land that felt to me like the blood of all the places I used to love." And it's true, *The Ten Thousand Things* is at once novel of shimmering strangeness—and familiarity. It is the story of Felicia, who returns with her baby son from Holland to the Spice Islands of Indonesia, to the house and garden that were her birthplace, over which her powerful grandmother still presides. There Felicia finds herself wedded to an uncanny and dangerous world, full of mystery and violence, where objects tell tales, the dead come and go, and the past is as potent as the present. First published in Holland in 1955, Maria Dermoût's novel was immediately recognized as a magical work, like nothing else Dutch—or European—literature had seen before. *The Ten Thousand Things* is an entranced vision of a far-off place that is as convincingly real and intimate as it is exotic, a book that is at once a lament and an ecstatic ode to nature and life.

Norse Mythology

2021 Redbook, a Guide Book of U. S. Coins

The Unique Brand. Coca-Cola is a brand that has made itself known and imprinted its initials on the sand of time. It could be argued that almost everyone on earth knows about this brand Coca-Cola or simply put; Coke as some people call it. It doesn't matter if it isn't everyone's favourite drink or even drank at all by some few but it is a very popular brand in itself. There is hardly any country Coca-Cola hasn't dominated or found its way into its shores. From their constant creative and novel advertisements, sponsoring major events and sports around the world, to their noble customer service and to them navigating the market and bringing different kinds of products; in different flavours and names, different kind of packaging, and in different sizes which makes it easily an all man drink and not just for a selected few, where any one can afford to purchase and enjoy the relish of the branded carbonated soft drink. This book brings into view the very intention behind the manufacturing of the Coca-Cola carbonated drink and the processes of change it had undergone within the centuries. It shows in explicit ways the processes and ingredients involved in making the drink and how it eventually gets to the ends of the earth. Various individuals have been involved in the sustenance of the branded drink, how and when are revealed in clear details. Interesting facts of how Coca-Cola which was later distributed as a carbonated soft drink was actually made as a medicine by a renowned pharmacist; Dr John Stith Pemberton, who later sold the secret ingredient to then banker and developer; Asa Candler who went on and founded the Coca-Cola company and surprisingly the benefits you stand to get after a drink of the popular brand are not spared. This book also shows various types of collectibles pictures taken by a lot online market shops. Information on the successes and failures of Coca-Cola, the completion it encountered and how it thrived after several failed attempts and everything that has to do with this well-known soft drink are inscribed on every page. Lovers of history, research or facts finding and story-telling will enjoy this enlightening in a relaxing way kind of read.

Coin Banks by Banthrico

This book is the updated, newest version 3 of Mountain Dew: Hillbilly Bottles. It is the definitive encyclopedia of every known Mountain Dew Hillbilly bottle. From 1954 to the late 1960's Mountain Dew produced over 900 different Hillbilly bottles. These bottles have different names of owner, bottlers, family and even dogs. For the first time you get a complete list of every "Named Hillbilly Bottle," every "No Name Hillbilly Bottle," every "Returnable" and every "Non Returnable Hillbilly Bottle." But the list is really just the start. Within these 550+ pages are at least three pictures of all 976 Hillbilly bottles (over 3,000 pictures). The book also contains a detailed description of each and every bottle. A simple catalog system will help you identify your own bottles by a single unique number. When you tell another collector that you have bottle number #551, both of you will know the Name, Prefix and every single detail about that bottle. Additionally this book lists the price and rarity of every bottle. There is no list, no book, no set of pictures more complete than MOUNTAIN DEW: HILLBILLY BOTTLES

Wilson's' Coca-Cola Price Guide

When I was in High School in the early 1960s, I was taught there was nothing more that needed to happen before the rapture of the saints and that the tribulation could come at any time. If that was the case, what was God waiting for? So my wife and I have read many books on end time events since we were married. But they all seemed to repeat what I learned in high school. So there is a great thing God does. He equips the called. That is what he did with me. God is the true author of this book. When I didn't know a word or have any idea how to proceed, I prayed and God allowed the words to flow and gave me understanding. That is how this book came to be. About ten years ago, I started serious research on the subject. I found the answers were not as I was taught during my high school years. The more I studied, the more truth I found. I decided to put what I learned into a book to teach others the real truth about the tribulation and what will happen in the Last Days. They say what you don't know can't hurt you. I found out that's a lie. There are things you need to know before the tribulation starts. This book is about the Tribulation, culminating in the Battle of Armageddon, and the 1000 reign of Christ on Earth, occurring in the near future.

Mountain Dew: Hillbilly Bottles

Since 1886 the Coca-Cola Company has issued a wide and varied scope of advertising items, creating what may well be the most popular field of specific product-related collectibles on the market today. This guide lists hundreds of items, both common and hard-to-find, featuring size, condition, artist, date, and current value of each. Color photos.

The Truth about the Tribulation

Using thousands and sometimes millions of pieces of colored stone or glass to create elaborate patterns or scenes is a painstaking and expensive way to decorate a surface. Yet the art of mosaic enjoyed spectacular success in the Graeco-Roman world, where its practitioners created some of the most beautiful artworks in history. This handsomely illustrated and elegantly written book traces the evolution of mosaic from the Hellenistic period to the early Christian era, with particular emphasis on the Roman Empire, and examines its regional variations from Britain to North Africa and from the Levant to the Spanish seaboard. The eminent classical scholar Roger Ling explains how mosaics were first made in the fifth century B.C. with the use of inset pebbles to provide durable pavements. He shows how mosaic became one of the hallmarks of luxury in Roman times, when such masterpieces of imperial floor decoration as the black-and-white silhouette pavements of Ostia and the colorful figure compositions of Piazza Armerina in Sicily were created. From

pavements, mosaic graduated to walls and ceilings, where it culminated in the soaring blue and gold work of early Christian churches in Rome, Constantinople, and Ravenna. Ling examines the wide range of styles and subject matter employed by mosaicists, whether geometric patterns or figurative scenes of mythology, agriculture, and hunting, and explores what mosaics reveal about domestic and imperial tastes and aspirations. Such topics as techniques and materials, the relationship of mosaic to other forms of interior decoration, and the influence of ancient mosaics in more recent times are also discussed in detail. Illuminating, attractive, and affordable, this book makes a major contribution to classical scholarship and will also appeal strongly to art historians, artists, designers, and general readers.
